SMART-ABI

PAD Early Detection Tool

Hal Ornstein DPM, FASPS, FAPWCA
Chairman of IPED

Chairman and CEO of New Jersey Podiatric Physicians and Surgeons, LLC.

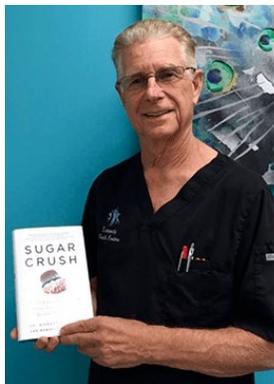

"Practice Management starts with our patients best interest in mind. The SMART-ABI allows our practice to diagnosis PAD at its earliest stage to help prevent surgery and amputations. The SMART-ABI represents a quintessential change in how we manage our patients and practice."

Bruce Miller DPM
Diplomate, American Board of Foot and Ankle Surgery.

Texas Foot Specialists

" The SMART-ABI has seamlessly added another dimension to my practice by improving medical diagnosis and care. Patients are very impressed and appreciative. I've done business with Hyperion Medical since 2010. They continue to introduce great products that add to my armamentarium. The Smart-ABI is yet another example of their commitment to me and to Podiatry in general."

Richard P. Jacoby DPM
Phoenix Magazine Top Docs Award.
Author "Sugar Crush: How to Reduce Inflammation, Reverse Nerve Damage, and Reclaim Good Health".

Medical Director of Extremity Health Centers.

"75% of the adult population that is at risk for PAD are asymptomatic. The SMART-ABI is a great tool to manage all our patients at risk for PAD. PAD is potentially a life-threatening condition that can be managed or even reversed with proper care. Unfortunately, many of these patients go undiagnosed until their Peripheral Arterial Disease progresses to the point of surgery. The SMART-ABI helps our practice manage this patient population through early diagnosis, a quantitative baseline, and the ability to track and follow the disease progression over time. It's a game changer ."

SMART-ABI

PAD Early Detection Tool

Ryan K. Anderson DPM
Diplomate, American Board of Foot & Ankle Surgery.

Managing Partner ProVas LLC. Foot and Ankle Specialists of Utah & New Mexico.

"The SMART-ABI has been a great asset for our physicians, because it provides very quick screening in the flow of clinic that is reliable."

Mark Lisch DPM
Diplomate, American Board of Foot & Ankle Surgery.

Diagnostic Foot Specialists of Victoria, Inc.

"The SMART-ABI has been a great addition to our practice. Its easy to operate, fast, reproducible, accurate, and correlates to my physical exams. Our staff and patients love it. Over the years I have bought several products from Hyperion Medical. They are extremely responsive, professional, and their customer service has been exemplary."
